Are you curious about theatre?
Come see how new plays are created!

Join artists from the Boulder Ensemble Theatre Company
in the ArtsHub Theatre space at

4 p.m. on Friday, April 19th

for a reading of a new play performed by ArtsHub Thespians,
followed by a short conversation with actors and audience.

Our story: See your favorite classic fairytale characters through the lens of cybersecurity. This epic play navigates the dangers of the Internet, from firewalls and viruses to Prince Charming's search for an authentic princess. Even if you'll never crack Rumpelstiltskin's password, you'll enjoy watching these pixelated Princesses rescue themselves!

Free to attend. No registration required.
