***Celebrate love in all its forms this Valentine's Season!***

Too often, Valentine's Day traditions don't reflect the love we experience in our lives. In *The Origin of Love* - a delightful and diverse curation of Broadway-style love songs - each form of love is triumphantly given the spotlight - romantic love, family love, self-love, love between friends - because each form of love deserves to be celebrated!

Tickets are \$28 each. All proceeds of this event will benefit the Arts Hub's educational theatre programming.
